

WELCOME WOF 10 SKATERS & ATTENDEES!

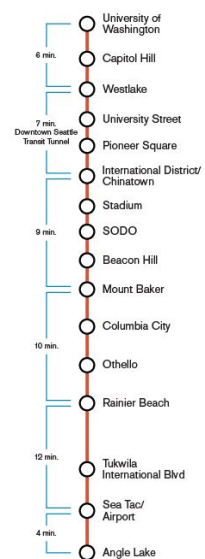

Thank you for traveling to Seattle and attending our event! We would like to make your experience as enjoyable as possible, so we have put together some basic information to help you!

Accommodation Recommendations:

- **American Hotel Hostel** – Located in the heart of the International District and a 15 minute car ride from All Together Skatepark. <http://www.americanhotelseattle.com/> **520 South King Street, Seattle, WA, 98104**
- **Airbnb** – Many of our athletes and visitors have used Airbnb to find affordable accommodations in the area (Fremont). www.airbnb.com
- **The Loyal Inn Seattle** – This hotel is in the heart of downtown and is moderately priced. It is close to local bus lines that can easily get you to the event. Visit www.loyalinn.com for more info and booking.
- **Other Local Hotels** – A quick Google search for hotels near the event will pull up many affordable locations. **We recommend staying away from motels off of Aurora/Highway 99 as it is not the safest area.**
- If you are staying with a **host family or host site via our accommodations application**, please be respectful of these spaces. After matching, the responsibility of communication is between the traveler and host site. Not all hosts are able to provide transportation to/from the weekend's events or provide food, so please make sure you have funds for transportation and meals.

Transportation Tips:

- **Use Light Rail to get to/from SeaTac Airport** – Skate Like a Girl will not be providing official airport transportation or shuttles. **Due to traffic in the city, we highly recommend taking the light rail to/from the airport**, which has stops downtown (West Lake station), Capitol Hill, and the University District (closest stop to All Together Skate Park), among other stops (see image). To get from SeaTac to the University of Washington stop it costs \$2.75 and will take you around an hour.
- **Public transportation** - We have a good number of light rail and bus lines that travel from the Downtown area to the event neighborhood of Fremont. For easy trip planning, **download Google Maps and One Bus Away to get you around town on the bus system**. The combination of these two apps will get you anywhere in Seattle on public transit:
 - **Google Maps App** – Type in where you want to go and select the departure/arrival time. You have the option to choose public transportation. This will tell you when and where you should catch the bus/light rail.

- **OneBusAway App** - This app allows you to look at the stop you need and tells you when your bus will be arriving as well as show you all the bus routes. It also tells you if your bus will be later than scheduled.
- **Lyft or Uber Apps** – If you are uncomfortable using public transit, we highly recommend these car service apps for getting around town affordably. Download the app to get started!
- **Lime or Jump Bike Apps** – For getting around the Fremont area, we recommend the use of the various bike share companies. These are great for short trips in lieu of a car. You can find the bikes lying around on nearly every corner. Download the app to get started!

General Wheels of Fortune Weekend Itinerary:
